Re: Gas Line

Dear Residents:

The Association just received word that Southern Cal Gas shut off the gas to several units in your building last night.

For your information, each unit is responsible to take care of his/her own gas line. If you rent and your gas was shut off, you may want to contact your landlord.

Not too long ago, the residents of Bldg 7638 got together and hired one plumber to replace all their gas lines. This process saved each owner a significant amount of money. Perhaps your building may want to consider doing this. All you need is one person (or 2) spearheading this project.

If you have questions, please call.

Sincerely,
EUCALYPTUS GROVE OWNERS ASSOCIATION
